

**National Consultative Meeting of Partners**  
4 to 5 April 2012, Gurgaon  
Partnership for Tuberculosis Care and Control in India  
Feedback Consolidated Report

**1. Did the Venue of the meeting meet with your satisfaction?**

**2. Do you feel the meeting is well coordinated/facilitated? What would you recommend to change/add?**

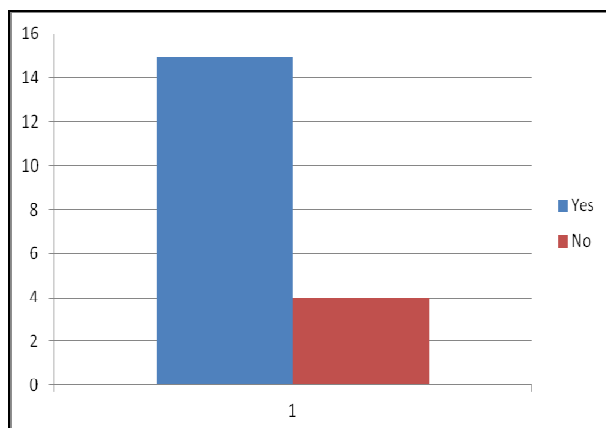

**Suggestions:**

- (i) More time should have been given for experience sharing among partners
- (ii) No representation from the states of J & K, Mizoram etc.
- (iii) A session on fundraising for partnership

**National Consultative Meeting of Partners**  
4 to 5 April 2012, Gurgaon  
Partnership for Tuberculosis Care and Control in India  
Feedback Consolidated Report

**3. Is the agenda relevant to the objective of the meeting? Which topic do you feel strongly about and need to be addressed further?**

**Suggestions:**

- (i) Thematic areas need to be more focussed
- (ii) Management of TB according to RNTCP
- (iii) Apart from public awareness, capacity building inclusion of traditional healers, migrants and TB/HIV issues is recommended.
- (iv) Field reality and future role of partnership

**4. Any suggestions of the new topic that need to be addressed in wider scope in subsequent meeting?**

**Suggestions:**

- (i) Structure, roles and responsibilities of partnership
- (ii) Strengthening district TB Forums
- (iii) Going beyond TB
- (iv) This meeting should periodically review roles of partners in TB control

**5. Any other comments /Suggestions**

**Suggestions:**

- (i) Meeting should have been in a small city residential to all partners
- (ii) Venue should be rotated in other states in order to involve other communities
- (iii) Post lunch session on day 1 was very good
